THE MOUSE

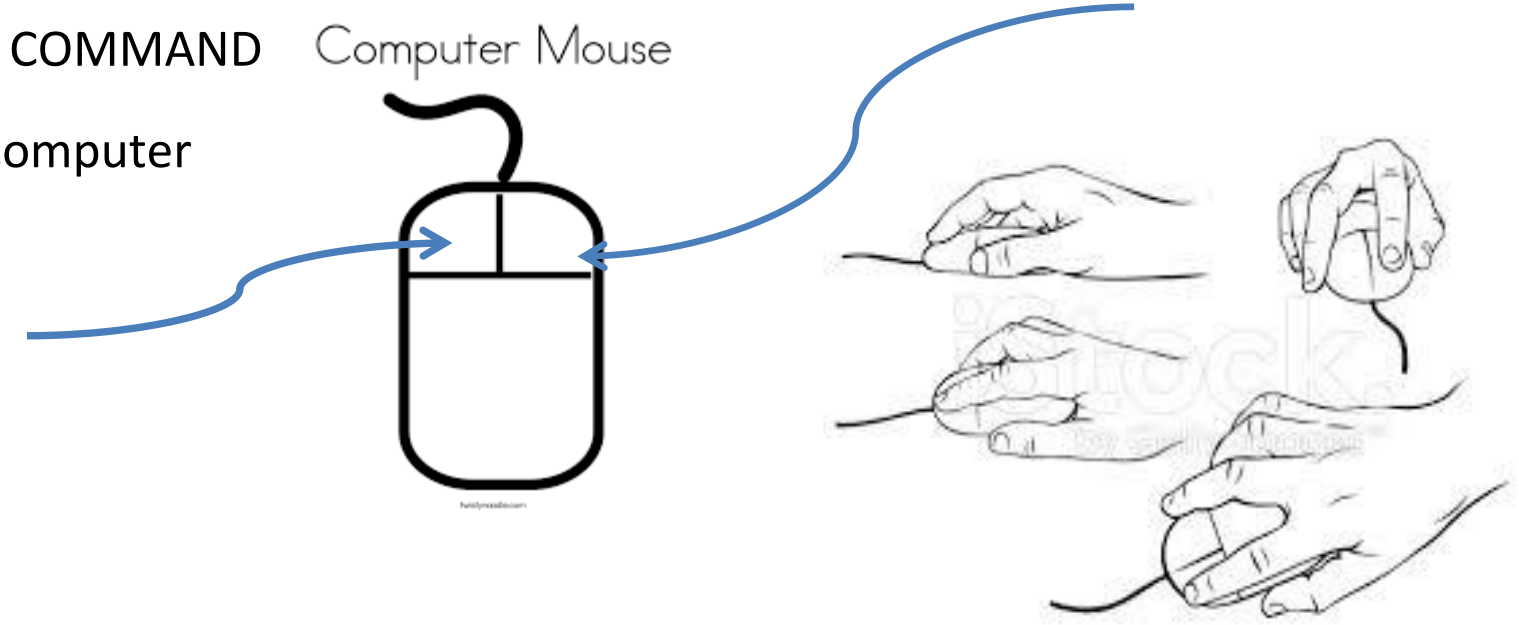
Student email: _____ Class Time: _____

A **computer mouse** is an input devise for command or make a selection of what the computer can do . Moving a **mouse** along a flat surface can move the on-screen cursor to a specific point.

"Left click"

Use your POINT Finger

This gives the COMMAND of what the computer should "DO".

"Right Click" Use your Middle Finger


This will show a Window that gives a list of things you can SELECT from.
